

## 2000 Sunsets

**Babe Ruth**

2000 Sunsets have fallen from the skies  
Like tears on fire with love  
2000 windows have watched  
Behind my lives and somewhere above  
Just needin' you and wondering why

So many heartaches have risen from my soul  
Like lovers in need of each other  
So many tears have shone  
Behind my smile for love could only hold a key  
Just holdin' you and lovin' you with all I got  
Just holdin' you and lovin' you with all I got
