

Got It Bad

Baby Animals

I got a big addiction
I'm gonna pay for the day tomorrow
Strap myself to the train for a ride out of here
I won't simplify
Try to find some sanity to borrow
It's better to immunise than to catch the disease

Wake up, when you wake up
You get to start all over again
It's a new day, not a better way
Oh, you may not think you got it
But you got it bad

Whether you win or try
Better let the water run dry
You can't swallow your dreams without getting high

Wake up, when you wake up
You get to start all over again
It's a new day, not a better way
Oh, you may not think you got it

But you got it bad

May not think you got it, but you got it bad
Hey hey hey!
Bad...
May not think you got it, but you got it bad
Oh oh oh oh oh!

I got a big infection
I'm comin' to getcha
Strap myself to the train for a ride out of here...

Wake up, when you wake up
You get to start all over again
It's a new day, not a better way
Oh, you may not think you got it
You come around!
Yeah, you come around
You come around!
Yeah, you come around
Hey...
Now...
Well...
You may not think you got it, but you got it bad
