

## Rush You

Baby Animals

Love is no fun anymore  
There's too many things I can't afford  
So what do you mean when you say  
That she's your girlfriend today

I wouldn't ever wanna rush you  
Don't want to lose you  
I'd never fuss you  
But I love a love a love you  
Don't wanna lose you  
I'd never fuss you  
But I love a love a love you

Love's not beating down on my door  
I guess it's cause ooh, I got lucky, lucky before

I wouldn't ever wanna rush you  
Don't want to lose you  
I'd never fuss you  
But I love a love a love you  
Don't wanna lose you  
I'd never fuss you  
But I love a love a love you

Wealth is boring without happiness  
Fame is notorious for causing stress  
Health is for binging on in between drinks  
Money over matter for the rich in minks

I wouldn't ever wanna rush you  
Don't want to lose you  
I'd never fuss you  
But I love a love a love you  
Don't wanna lose you  
I'd never fuss you  
But I love a love a love you

Never wanna rush you  
Don't want to lose you  
I'd never fuss you  
But I love a love a love you  
Don't wanna lose you  
I'd never fuss you  
But I love a love a love you
