

Buttakup

Baby Bash

Remix

Grrrrrr, mayne

She got a caramel round, round, brown
Make me go crazy, when she come around
Baby is my buttercup, oooh, I got a sweet tooth
Baby is my buttercup, oooh, I got a sweet tooth
And she got them skinny jeans buttoned down low
She's my favorite candy, got to let her know
Baby is my buttercup, oooh, I got a sweet tooth
Baby is my buttercup, oooh, I got a sweet tooth

She down
Like a 3 Musketeer
A bond, you can't break this
Run up with that hate, slick, get twisted up, Take 6 (Mayne)
100 Grand, she know the score, never bushwah
My mens is Kit Kat
I'm a Mr. Good Bar (Mayne)
I got a sweet tooth
My Almond Joy, gotta see you
With an alpine, white lace, see-through (Mayne)
Little mama, I need you, to break me off, proper
Captivated by the way you shaking them Whoppers (Mayne)
You got them Whatchamacallits, it's like a symphony
Lookin' like a word that's original, you were meant to be (Mayne)
You're so into me
I'm so into you
If your day's gray, I'm a make you store purple blue
Mayne

Less filling, tastes great, that's my thang
Honey buns, dum dums, coconut cream
Cut her up clean, cause she sweeter than my swisha
I get a cavity, every time I gets with her
She my Cover Girl, lover girl, sweet as amaretto
Lookin' some vicious, when she do it in stilettos
Hip hop or heavy metal, she workin' that Jell-O
And she love to bring it home and help me count mas dinero
Hersey Kisses from my Lady Godiva
I ain't got a sqaure belle, I gots me a rider
Put her on your flyer, bet your club jump off right
Guaranteed, she gon' keep it bumpin' all night

A top notch lady make the club go crazy
Let me see your goody-goody gum drop
Thicker than a Snicker with a body off the ricther
Let me see your goody-goody gum drop
If you sexy and you know it
Not afraid to show it
Let me see your goody-goody gum drop
And if your frame off the chain
Make 'em say "Mayne"
Let me see your goody-goody gum drop

DJ, hook it up like a tow truck

DJ, hook it up like a tow truck
DJ, hook it up like a tow truck
Ha ha}
La-lace 'em up
