

Im'ma craps shoota  
Lost in the Bermuda  
Move like barracuda  
Rocks for you straight shoota  
Three time loser  
Marijuana user  
Old school cruised  
While I blow a medusa  
Got the 2 for one'a  
Late night crumb'a  
Son of a gunna  
In your gal burnin' rubba  
Latino lover  
In yo baby mother  
Working with yo uncle  
Selling weight to yo brother  
Coming from the gutta  
Getting dumb and dumber  
Say what I wanna  
And never give me stutter  
I'm a new comer  
But I made the front cover  
At the dope house  
It's one hit after another

Now come and feel my ghetto NRG  
Sipping on some Hennessey  
Blowing in them sticky leaves  
Blasting all my enemies  
Playboy we do it all  
Playboy we do it all

Now come and feel my ghetto NRG  
Hating is not the remedy  
Too many niggas with that jealousy  
Trying not to catch a felony  
Playboy we do it all  
Playboy we do it all

Came with the sparkle  
Labeling us remarkable  
Double parker  
Forget the narks  
A citation to get the marks  
Sharks and the beast  
We get the heat murder to make  
And also roll up another cigarro  
Put it the foreign carro  
Pero, living in the ghetto  
Gueros work up on the metal  
Metal playing the situation  
Til we get it settled  
No buyin dinero  
Buyin our enemies hamburgers  
Before we serve'em or murder  
Make a sure they deserve it  
Women nervous

Cause I'm bout to darky D'em down  
Freaky you mack in the freaky squeaky  
Claim when they step in my tee-pee  
You can keep me  
Too many female species wanna sweep me  
Not only that but when I nut there no need to see me

Now come and feel my ghetto NRG  
Sipping on some Hennessey  
Blowing in them sticky leaves  
Blasting all my enemies  
Playboy we do it all  
Playboy we do it all

Now come and feel my ghetto NRG  
Hating is not the remedy  
Too many niggas with that jealousy  
Trying not to catch a felony  
Playboy we do it all  
Playboy we do it all

Well now I wake up every morning  
Smoke a cucaracha  
Drink some water  
Grab the paper  
And go take my caca  
Hope my mama  
Cook me some chorizo con huevos  
Jump pistolero  
Pushing pebbles  
Stacking roberto Dinero  
Hoping that my perros  
Bend the bloc  
And I'm back on the track  
Some serving sacks  
I'm shooting craps  
Some don't know how to act  
But your boy's a money mack  
I'm come from ghettos and barrios  
I kick it with party hoes  
And play'em like dominoes  
Not long ago  
I was on top of the honor roll  
But now I blow optimo  
Trying to stay off parole  
Vamonos  
It ain't right what I'm seeing  
Enough snow in my hood  
To keep the whole world skiing

Now come and feel my ghetto NRG  
Sipping on some Hennessey  
Blowing in them sticky leaves  
Blasting all my enemies  
Playboy we do it all  
Playboy we do it all

Now come and feel my ghetto NRG  
Hating is not the remedy  
Too many niggas with that jealousy  
Trying not to catch a felony  
Playboy we do it all  
Playboy we do it all
