Rush

Baby Bash

I ain't gone rush with you
I'ma take my time and make sure you get it too
I ain't gone rush with you
I'ma take my time and make sure you get it too
I ain't gone rush (whoa, whoa)
I ain't gone rush (whoa, whoa)
I ain't gone rush

I'ma take my time when we vibe right
Give it to you real when you in my life
Make sure you buzz a fat one at the right time
While I'm giving you the stroke of a lifetime

No worry, no rush, no [?]
Eat it up, eat it up, let me taste it
'Cause that's why you chose up
When a solid cat really pulled up, rolled up like

Tell me, tell me lil mami let me hold it
Take you to the five and get rewarded
Lil mama get the camera, let's record it
I got some [?] we can smoke it

I ain't gone rush with you
I'ma take my time and make sure you get it too
I ain't gone rush (whoa, whoa)
I ain't gone rush (whoa, whoa)
I ain't gone rush

I'ma take my time
You know it's on my mind
She don't wait in line
I'ma make her mine
Sip some baby tell me what you really want
I've been feeling for your body, baby show it off
Don't be shy with the bottle baby pour it up
Heard you got a brain like you know it all

[?] baby let me hold it
Take you to the tele, get you on it
Lil mama get the camera let's record it
I got some [?] we can smoke it

I ain't gone rush with you
I'ma take my time and make sure you get it too
I ain't gone rush (whoa, whoa)
I ain't gone rush (whoa, whoa)
I ain't gone rush

[?] take my time
Fuck you from behind
You not the type I wanna wife
Just take a puff and then unwind
I admit I ain't never ever cuffing no
I'm loving life I'm living comfortable
I admit I ain't never ever cuffing no
And I ain't wishing, I'ma take it slow

I ain't gone rush with you
I'ma take my time and make sure you get it too
I ain't gone rush (whoa, whoa)
I ain't gone rush (whoa, whoa)
I ain't gone rush
