

Vámonos

Baby Bash

Stiletto heels, dollar bill
She lookin' rockable
I'm in the building n' I'm feelin' so unstoppable
They say she's drama n' they say she's so impossible

But she grabbed me by the hand and she said "vamonos"
Vamonos
She said "vamonos"
Vamonos
She grabbed me by my hand and she said "vamonos"
Vamonos
She said "vamonos"
She grabbed me by my hand and she said "vamonos"

That means she's ready to go
Ready to roll (ready to go)
Gone like the wind
Cause we were ready to blow
That means she's ready to go
Ready to roll
Gone like the wind
Cause we were ready to blow

Smoking, smoking tropical
Feelin' uncockblockable
Ridin' high but ridin' low
She shows up but I gots to know
Banana kush and cherry pie
Got us both so hella high
Playboy I ain't neva lie
Gotta put these flavors in her life
They say turn around, red light, go back
But I can't cause we vibin' like throwbacks
She said "ven pa 'ca"
So I took the bait
Now we mobbin'
Smokin' on dro packs
Them dro packs lookin' real healthy
Strong freaky & wealthy though
Got hypnotized when I seen them eyes
She grabbed my hand said "vamonos"

Stiletto heels, dollar bill
She lookin' rockable
I'm in the building n' I'm feelin' so unstoppable
They say she's drama n' they say she's so impossible

But she grabbed me by the hand and she said "vamonos"
Vamonos
She said "vamonos"
Vamonos
She grabbed me by my hand and she said "vamonos"
Vamonos
She said "vamonos"
She grabbed me by my hand and she said "vamonos"

She tapped in with that "vamonos"

Cause I slapped that ass like dominos
Eat that down like pappadeaux
Cause that body so exotico
Her ex hatin' & trollin'
We just laugh & rollin'
My brain say "hold up"
But my gas pedal keep goin'
Cause she had pre-rolled skittles
Platinum cookies in the middle
Was I feenin' just a little?
Left her makeup on my pillow
Drippin wet wet like atlantic
Cause her edible was magic
But don't panic it's organic
Every day I gots to have it

Stiletto heels, dollar bill
She lookin' rockable
I'm in the building n' I'm feelin' so unstoppable
They say she's drama n' they say she's so impossible

But she grabbed me by the hand and she said "vamonos"
Vamonos
She said "vamonos"
Vamonos
She grabbed me by my hand and she said "vamonos"
Vamonos
She said "vamonos"
She grabbed me by my hand and she said "vamonos"

She was ready to go
Ready to roll (ready to go)
She was so ready to blow
Ready to go
Ready to roll
She was so ready to blow
