

Spit

Baby Bugs

Motherfucker you think you're so cool
Keep your dick in your pants I'm not living for you but
Say what you want I'll take you till you're sore
Now get on your knees you stupid fucking whore

You're not worth anything
No, you're not worth a shit
You're worth less than heaven and hell
You're worth less than my spit
C'mon call me master
Say it say it faster
Bleed for me just a little bit
C'mon take my spit

I can see you sweating for me
Your face is red and you like what you see
I'll pull out my knife cause' I know that you're ready
I'll fuck you with a switchblade, God you're so pretty

You're not worth anything
No, you're not worth a shit
You're worth less than heaven and hell
You're worth less than my spit
C'mon call me master
Say it say it faster
Bleed for me just a little bit
C'mon take my spit
C'mon take my spit
C'mon take my spit
C'mon take my spit, bitch
