

Haze

Baby Goth

Lost in this haze
I don't wanna feel this pain anymore
All the doors are locked
I'm stumbling through this maze
Can't escape, can't explain
Trapped, I'm floating in the same place
Is this real? Feels so strange
Running in slow motion through my veins

You can't see me
Passing me up like a ghost
Got low energy
All my time spent doing the most
Dah-dah-dah-dah, dah-dah-dah-dah-dah
Shadows in my sleep, I been sleepwalking down the coast
Dah-dah-dah-dah, dah-dah-dah-dah-dah
Come and find me, getting lost off in the smoke (In the smoke)
I'm breathing slow so I cannot go (Cannot go)
Lights low in my Lambo

Lost in this haze
I don't wanna feel this pain anymore
All the doors are locked
I'm stumbling through this maze
Can't escape, can't explain
Trapped, I'm floating in the same place
Is this real? Feels so strange
Running in slow motion through my veins

Dah-dah-dah-dah, dah-dah-dah-dah-dah
Dah-dah-dah-dah, dah-dah-dah-dah-dah

Lost in this haze
I don't wanna feel this pain anymore
All the doors are locked
I'm stumbling through this maze
Can't escape, can't explain
Trapped, I'm floating in the same place
Is this real? Feels so strange
Running in slow motion through my veins
