

# I Can't Choose

Baby Smoove

Who is you? I'm thinkin' 'bout them M's, I need to few  
I can't choose, do I hit the stores or the booze?  
You know my proof, I say it every song, it's double twos, I can  
't lose  
I'm fakin' with your movie, make the news until true  
I just hired them for all blues, spend some time over there  
Some of the clerks think we cool  
We ain't tired of the drink, me and bro just mashed a deuce  
Bust a bug on seven-five, tryin' to meet up with my dude

How you livin'? These niggas want that check, but they won't ge  
t it  
I'm independent, let's talk about them dues  
I made some digits, don't get ignant  
My nigga to the left don't mind his business  
I can listen, she goin' off, said somethin' 'bout attention  
You know my mission, we find out niggas diss  
And we gon' stiff, now  
Brodie say it's good, I need parts, we 'bout to kill 'em  
They daughter was erased, but they ain't know that I was finish  
ed  
I'm in it, keep it K 'cause I be in the trenches  
It's a move came a long way from trappin' my trues  
I just left a show, the strippers told me, thank you  
I think I'm lost, just left the mall and forgot what I bought  
It's your fault, don't try, think I'm lyin', you with the chart
