

KINDA NERVOUS

Baby Smoove

First date, I'm kinda nervous
Already knew this bitch was bad, but she look ten times better in person
Already knew this bitch had ass, and her shit real, she ain't need no surgeon
n
I hope she know I don't want this food, but I want everything she servin'
This lil' bitch, she dressed to kill, everything she wear, she murder
Why the fuck these niggas spoilin' prostitutes? These niggas burgers
These niggas lame, you beat all on your bitch, you tryna hurt her
Bitch make me mad, I find another one and I go splurging'

Bitch make me mad, I turn another bitch up just to hurt her
When we started off, she was a narcissist and barely workin'
Instead of leavin', I just bossed her up, now she own surgeons
First date, I'm still a lil' nervous
Yeah, she don't even know how bad I wanna bend her over and buy her purses
Yeah, she don't even know how bad I hate her bag, she need a Birkin
Yeah, I don't even know how niggas spoilin' bitches who ain't earn it
Soon as I wake up, she gon' give me head 'cause I deserve it
I need a bitch who lost without me, I'm your whole purpose
First date, I'm kinda nervous
Me and you inside that Bimmer truck, I close the curtains
I told her, "I might fuck some hoes, but I won't do you dirty"
She think I'm OT with some bitches, I'm out shippin' birdies
No matter if the sun go up or down, I'm sippin' dirty
I always had her back, she ain't have mine and that shit hurt me
Stupid bitch, you ain't even worth it

Bitch make me mad, I find another bitch and make her turnt
Let's go MIA and hit the beach so we can vacay further
She say she love my cars and she like when they do circles
You can choose my slowest car, it make your shit look like a turtle
It's damn near 2025, you niggas still sneakin' turtle
Get off your ass, go get some money, you niggas act like it's gon' hurt you
I got bitches off white, R.I.P. my nigga Virgil
I could do this all night, leave the club at 7:30
No, that bitch ain't my type if she broke and she ain't workin'
If she a ho, let her be, don't try to stop it or reverse it
I had you in my fantasy, it still hurt that we ain't workin'
Supercharged Escalade, sound like a 'Maro when it's twerkin'
First date, I'm still a lil' nervous
I don't even like makeup, but how she did it, this bitch servin'
Yeah, I don't even go on dates, I'm glad I did, that bitch worth it
