

Waking up with you  
Lying here beside me  
What a wonderful morning  
What a wonderful feeling

70 years together  
Go on for ever and ever  
70 years today  
Comes as no surprise

What a wonderful morning  
What a wonderful feeling  
What a wonderful morning  
What a wonderful feeling

Though my eyesight's going  
And my heart is slowing  
Now my bones are showing  
It's still a wonderful morning

Though her skin is looser  
And the world's abused her  
She's the happy ever after  
That goes on forever

On this wonderful morning  
What a wonderful feeling  
On this wonderful morning  
What a wonderful feeling

What a wonderful morning  
Looking up at the ceiling  
Goes on for ever and ever  
What a wonderful morning
