

Snails

Babybird

When you go away I'll try to find someone else
But I'll fail
I'll fail
I'll fail

And if you came back you'd hold my heart like a giant
Crushing snails
Crushing snails

Love don't leave us
We couldn't bare it again
Love come back here
We'll treat you so much better this time

When love fails and I'm broken like a snail in my shell
In my shell
You hold me in your hand
Like a tiny grain of sand
And I'm happy
Here in hell

Love don't leave us
We couldn't bare it again
Love come back here
We'll treat you so much better this time
Better this time

When you come back you'll try to find what we had
But I'll fail
I'll fail
I'll fail
And if you stay here you'll hold my hand like Jesus
Crushing nails
Crushing nails

Love don't leave us
We couldn't bare it again
Love come back here
We'll treat you so much better this time
Better this time

Love don't leave us
We couldn't bare it again
