Babyface Ray

Everythin' still everythin'

Don't get the money, then turn your back (Yeah)
Say your money don't burn no bridge (Yeah)
When them niggas talked, man, I should've paid attention (Yeah)
I ain't want to listen, I was young and hard head (Yeah)
I don't fuck with niggas, so I took the long way (Yeah)
Got a suit and I'ma start ways, start trenched
I ain't had shit, so I'm stuck in my ways
Bitches really want the time, puttin' Gucci on the kids (What?)
Better hold onto it, better cherish this shit (Better hold onto it)
Can somebody fuck with me? I'll embarrass your nigga

Get a Louis straight jacket, it's crazy out here
