

Kush & Codeine

Babyface Ray

Lamborghini truck, trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses
Applying pressure, that was nothin'
I make diamonds fill my pendant (Diamonds on my pendant)
All my idols basketball, so how I end up dealing? (End up dealing)
Lamborghini truck, trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses
Applying pressure, that was nothin'
I make diamonds fill my pendant (Diamonds on my pendant)
I ain't made the team, I'm still ballin' on these niggas (Swoosh)

You the man where you from, huh? (The man)
Yeah, you have money, but fuck rap, you don't need it, do you? (Ain't gotta rap)
You just next to twenty ball, you goin' to see a jeweler (See a jeweler, huh)
Gang bangin', you got opps beefin' through computers (You can tell, huh)
Every man addiction, buy 'bout a place
See your face when I be in it, bitch, talk to me nice
Said I should've gambled, had to roll a dice (Know that)
Say it cost to be a boss, damn near paid it twice (Damn near)
Yeah, say it came from that way, nigga don't pay that price (Got you)
Niggas play around with me and I ain't gon' argue with 'em
Know that I ain't goin', they gon' go and they gon' take his life (Yeah)

Lamborghini truck (Yeah), trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses
Applying pressure, that was nothin'
I make diamonds fill my pendant (Diamonds on my pendant)
All my idols basketball, so how I end up dealing? (End up dealing)
Lamborghini truck, trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses (Uh)
Applying pressure, that was nothin'
I make diamonds fill my pendant (Diamonds on my pendant)
I ain't made the team, I'm still ballin' on these niggas (Okay, woosh)

I had only one wish, that's to get a hundred million
Now I walk in, see chandeliers on the ceiling
Bitches naked, by the pool chilling
Keeping niggas out my circle, cut 'em off if I don't feel 'em
Taylor gang, they say we the realest
New Balenciaga frame, smell the Kush smoke in the building
Difference between us, you gon' buy it, I'ma build it
Got the new Rick Owens on, and you know they cost a lil' bit
I keep me a lil' bitch, her attitudes something to deal with
I tell her to suck me up real quick, 'cause everything I got is real expensive
These niggas get real defensive, lying to bitches, still tryna convince 'em
I break down a pound in an instant, burnin' the J for forty-five minutes
Smoke out like a inscent, fuck your rendition, don't see the competition
My newest edition to my team don't really talk, she listen
She know just what I like, and go pick out what I need
Spent thousand on JPG, flake ashes from bombest weed

Lamborghini truck, trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses
Applying pressure, that was nothin'

I make diamonds fill my pendant (Diamonds on my pendant)
All my idols basketball, so how I end up dealing? (End up dealing)
Lamborghini truck, trap house wishes (Trap house wishes)
I step in and blew a bag, I see bitches blowin' kisses (Uh)
Applying pressure, that was nothin'
