

Yeah (Sharif in this motherfucker cookin')
'Face, 'Face Mob (Ooh), yeah

I done beat the odds, I got nothin' to prove
Laughin' with the bosses, toastin' up with the goons
I'll take a clean cream, makin' the room
Fuck an elephant, it's a GOAT in the room
High off life, tryin' to shoot to the moon
My youngin burnt out, he ain't make it to school
Life be comin' fast, I'm tryin' to get in my groove
Build a legacy before you get to the tomb, for real

Unapologetic, fuckin' right that I said it
Fuck her right 'til the mornin', throwin' dice in the mornin' (Yeah)
Man, my life been a gamble, risk your life, get rewarded
She a good girl, I love it, but she like to record it
On stage, I'm kind of nervous
Thought that I'd call, but I'm somewhere with no service
Paparazzi on the call, but I'm tucked behind the curtains
If you out here, you involved, then be quiet with the murders
You know they lurkin'
I put 'Marni on just to jump in the pool
My partner, he ain't shook because he servin' a fool
I can't give my heart, 'cause these bitches be used
I'm in a penthouse with a hell of a view

I done beat the odds, I got nothin' to prove
Laughin' with the bosses, toastin' up with the goons
I'll take a clean cream, makin' the room
Fuck an elephant, it's a GOAT in the room
High off life, tryin' to shoot to the moon
My youngin burnt out, he ain't make it to school
Life be comin' fast, I'm tryin' to get in my groove
Build a legacy before you get to the tomb, for real

Dropped out of school and ran it up in the trap
Got out my feelings, went and got me a bag
Really have emotion, better ask who I am
I went from bein' poor to really bein' the man
Bein' the man
I went from bein' poor to really bein' the man
Hey, hey
Yeah
Out in the room
Ooh
Hey, yeah
