(David Wesson)

Money call, money call
Money call, money call
Money call, money call
Money call

I do it, ain't gotta write it, money call, I get excited
Don't hit me up quotin' prices, if you want it, you gon' buy it
We got it, the streets demand it, and you know that we supply it
You gotta be well equipped out here just to survive (Nigga)
Took a quick glance at my watch, say it's my time
I can never trip over a bitch, I'm on my grind
Tony got killed, so I guess the Lord is mine
Scarface, nah, Babyface, you with them guys
Niggas watch where I move, watch my pockets
Watch these niggas because they snakes, money too big for a wallet
They go straight in the game and go to college (Uh-uh)
Lord forbid if I get locked, I'm callin' shots, I feel like knowledge

You ain't did enough to be talkin' like that
Baby girl asked me why I'm bossy like that, ayy
You ain't bad enough to be actin' like that (Nah)
 Fucked up a check, but I got it right back (Nigga)
He be in the zone, that's why he feelin' like that (Yeah)
The world wanna know is he livin' like that?
They want the recipe, they wanna get it like that
I still get it in, it's hard livin' off rap

These bitches, they wanna fuck me, they be lucky if they touch me
I got it on me, I'm clutchin', niggas broke, that shit disgustin' (Wow)
We ain't talkin' money, what the fuck is the discussion?
I can get a hundred in the hills 'fore the pumpkins (For real)
Cell phone swingin' 'round my neck while I'm dumpin'
Say it's in the air, they wrap 'em better than a mummy
They gave my dog eleven just for fuckin' with that puppy
Gon' give me thirty-seven if I get 'em to Kentucky (I'm on my way)
Get money, stay prayed up, no chain tucked (Never)
Niggas post the product they sell and they lame as fuck
Niggas ain't gettin' no chicken, they ain't with us (Huh?)
Niggas sellin' work in my hood, I need a cut

You ain't did enough to be talkin' like that
Baby girl asked me why I'm bossy like that, ayy
You ain't bad enough to be actin' like that (Nah)
 Fucked up a check, but I got it right back (Nigga)
He be in the zone, that's why he feelin' like that (Yeah)
The world wanna know is he livin' like that?
They want the recipe, they wanna get it like that
I still get it in, it's hard livin' off rap
