

Scared Of Them

Babyface Ray

Live from the motherfukin' house nigga
Volume one, got my nigga David Wesson in this motherfucker
You know what it is
M.I.A season, give these boys a reason
You know they can't fuck with the sauce

God son tattooed on my chest
Stainless Dweller hit me for a "Harden" so I got it on my left
I 'den been through hell and back but I'm blessed
Made a killing fucking with the beans, but they really want the meth
I heard you got a deal but they got you on the shelf
My bitch won't say a word, she ain't fucking with the help
This Goyard hold a 40 cause I tucked it in my belt
They say this route hot, well imma fuck around and melt
Nigga fuck a plug
Re-up with a dub
I'm just being real my homie said that ain't enough
The train overcrowded imma take off on a bus
Touchdown in the morning, make a 30 ball by lunch

I started in the back at first, I'm ahead of them
Nigga told his biz and I ain't ask man I'm scared of them
Say he got a town and it's green, well I'm ready then
Alot of shit these niggas talkin' bout I already did

I started in the back at first, I'm ahead of them
Nigga told his biz and I ain't ask man I'm scared of them
Say he got a town and it's green, well I'm ready then
Alot of shit these niggas talkin' bout I already did

I got a call, he ran through 'em all, get me home
This ain't that Jim Jones shit I'm rocking, its VLONE
He can't have respect on his name if he told
Used to watch mob movies as kids, he broke the code
I know my dawg work his wrist in the kitchen, he broke the bowl
Sell a half thang in the trap, like where the stove?
Last night I left but I'm back, I know the road
My young dawg stay with a strap, he on parole
Both phones ringin' this my bitch and a play
You know Its money over bitches gotta get to this cake
Niggas a play you like Calvin tryin' to get to the safe
Forever servin' out of rentals tryna get to the Wraith

I started in the back at first, I'm ahead of them
Nigga told his biz and I ain't ask man I'm scared of them
Say he got a town and it's green, well I'm ready then
Alot of shit these niggas talkin' bout I already did

I started in the back at first, I'm ahead of them
