Ight, please don't consider me opp
If you can't up a gun
The opps just lost two niggas back to back
Them niggas need some hugs

Rolling mookie pop a perc or two
My shawty was a bug
A nigga upped his gun and he ain't blow
He must've been shooting duds

We bounce out on shit
And don't stop shooting till we see some blood
I got my mask, I got my gun

My backend gon bring the gloves

I gave the drac to E
Cause he gon shoot that bitch
Like Kevin Love
I thought I saw the opps

My dumbass almost shot up seven studs
He say he not up, but when he with'em
Kill'em just because
He keep on droppin' diss songs

We gon kill'em, before he get his buzz
We hit'em twenty time he still alive
They need to pull the plug
He thinking this shit's sweet because I wear a glass

He gon catch a slug
Free lil 3 and famous
Them boys dangerous
Tell 'em free my thugs

Four five gapers this shit so big
It'll knock down a club
Kidnap a might then we'll
Drown his ass in a tub

Thought he had a book
But we just sold his ass a brick a dub
