

Keep Trying (Intro)

Babyfxce E

I'm doin' this for my mom, I gotta keep tryin'
I'm doin' this for my dad, I gotta keep tryin'
Doin' this for my brother, I gotta keep tryin'
I'm doin' this for my sister, I gotta keep tryin'

Don't be sad if I leave you by yourself
You can't go and find me in somebody else
Pride fucked up, I don't want no help, can do it by myself
I'm done filling out applications, I applied myself
I regret everything until this studio
I'm at the lowest right now, I bet that y'all didn't even know
I put my life up on the line every time I leave the home
I'll be broke as hell smilin' long as my people on
Yeah, money don't bring happiness
But it sure make the stress go away
Pour another four, make the stress go away
Pick your main ho and let the rest go to waste
If I tell you what's in my head, baby, don't use it against me
The shit I did in my past, won't let it represent me
Don't over-trust your friends, 'cause they can be your enemies
That's why Glocky stay with me like it got evicted
It's shit I did to her I wish I didn't do
And that shit really hit different when she pull a you on you
They gon' try to slow you down, you gotta keep on movin'
You gotta lose to win, that's why I keep on losin'
But I'm on my way, ain't nobody safe, just stepped up in the ga
me
Get out my way, you not that good in traffic, man, stay up in y
our lane
It's Babyfxce, spell it with an X or that is not my name

I'm doin' this for my mom, I gotta keep tryin'
I'm doin' this for my dad, I gotta keep tryin'
Doin' this for my brother, I gotta keep tryin'
I'm doin' this for my sister, I gotta keep tryin'
