You can't get out the mud if it ain't rainin'
You was my dog, why the fuck would you play me?
Play my song, got-
Yeah, just keep all that shit, just let me keep goin' (Yeah)

You can't get out the mud if it ain't rainin'
You was my dog, why the fuck would you play me?
Play my song, got the hoes goin' crazy
Probably look like a kid, but I promise I'm dangerous

I ain't playin'
Yeah, I probably did a lil' drinkin', but I know what I'm sayin
'
Thoughts in my head, can't control how I'm thinkin'
Heat to his skin, put his coat on a hanger
I can care less for this fame shit
Everybody think I changed, but I'm still on the same shit
Only takin' care of who I came with
She my lil' side thing, but I treat her like my main bitch
I'm cuttin' niggas off, that's some lame shit
You the only one know where everything is
You the only one know everything said
You the only one know everything playin'
She the only one know what's goin' through my head
And she say I'm fucked up, but you don't try to make it better
Way back then, I was a lil' shy kid
Now you look inside my eyes, you can tell that I'm a stepper
Can't no nigga walk around this bitch and say they pressed us
He think since I knew him as a kid, I won't stretch him
PO can't tell me shit, bitch, I still got the weapon
I know you say you hate me, but I still make sure you okay
Hmm, still make sure you okay
(Huh, yeah, yeah)
Hmm, how you gon' get out the mud if it don't rain?
How I'm 'posed to stay the same and everything change?
Learn one thing, you can't fuck every bitch the same
It's all love, but don't let your feelings in the way
