

Tweakers

Babyfxce E

I'm with gang these the niggas I be tweaking with
Niggas I was fucking with, is now the ones I'm beefing with
I can't trust none, not even the bitch I'm freaking with
Better get ya hoe cause she might be the one I'm leaving with

Bitch my side turnt, every person that you see me with
Better get ya hoe cause she might be the one I'm sleeping with
Dawg know not to start no shit with us
Cause he know we legit

Ye and 'em just got in with all they guns
They let them tweakers in
Bitch FaceTime me real quick, I'm tryna see your friends
Thick bitch must be grown as hell
She popped with that cheetah print

I'm in love with hunnids baby, shawty I can't be your man
Nigga you ain't tuff for real, cause if you was, I'd see that shit
Throwing that shit off the bone
She tryna make sure that I see that shit

Better tuck your chain when I'm around like they let Debo in
Walking thirty deep like how much it gon' cost to get my people in
20K on me all blues today
I just wanna keep it slim

Pretty thick thighs he gone eat me off the B O N- E
Gangsta bitch you can hear it in my T O N E
I get love off a smile, that fascinated with my teeth
He on my neck like a Cuban he keep tryna link

Hot girl riding with a heater in a hot seater
Pussy nigga come outside huh stop with all that tweeting
Fuck a bad bitch but I swear I will never eat it
Leave that nigga alone, when we fuck he don't ever beat it

Two-tone buss Rollie with the rainbow face
Even when the bitch was making none, I was making way
And if rap won't work for me ill be making plays
Eighteen in Ohio J Dog taught how to bake a cake

Bitch my side turnt, every person that you see me with
Better get ya hoe cause she might be the one I'm sleeping with
Dawg know not to start no shit with us
Cause he know we legit

Ye and 'em just got in with all they guns
