

Somewhere Else

BabyJake

I was sniffin' cracker out of C-notes
Kickin' back a dollar just so I could reach the remote
Thank God I'm on better things, knockin' down my free throws
Done with playin' Hollywood, I gave away my ego
So I could be a better man and focus on a different plan
I got a bigger task at hand, I hope that you can understand
That I've been tryin' all my life for this, knew I'd never miss
Now I'm where I'm supposed to be, but still, I feel adrift

Like I'm somewhere else
Like I'm somewhere in the back
Gotta get myself on track
Like I'm somewhere else
Like I'm somewhere in the back
Like I've fallen off the map

Like I'm somewhere else
Like I'm somewhere in the back
Gotta get myself on track
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Like I've fallen off the map (Oh)

Can't say I'm private, just that I'm misunderstood
I got a bag up in my bank, but that ain't done me no good
I'm on an island, guess you could call it my hood
But that don't mean that I got promise, it just mean that I could
Be okay inside my own brain
Make a choice that I can maintain
Give me hope just for the namesake
Take a seat before I fly away

Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Gotta get myself on track (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Like I've fallen off the map (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Gotta get myself on track (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Like I've fallen off the map (Oh, oh)

Like I'm somewhere else
Get myself, get myself on track
Like I'm s-

Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Gotta get myself on track (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Like I've fallen off the map (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)

Gotta get myself on track (Oh, oh-oh)
Like I'm somewhere else (Oh)
Like I'm somewhere in the back (Oh)
Like I've fallen off the map (Oh)

Oh, oh, oh-oh
Oh
Oh, oh, oh-oh
Oh
