

# Caught Up In the Crossfire

Babylon A.D.

Hearts beat heavy  
Love is in motion (ah)  
Hot, sweet and ready  
I dive in your ocean (ah, oh)

Feels like I'm falling  
Deeper in the shadows of your  
Passionate screams, deep in the night  
Driving me wild  
Making me burn, only for you  
Out of my mind  
Caught up in the crossfire  
Caught up in the crossfire

Taste my hunger  
Feel the vibrations (ah)  
Pound like thunder  
Ooh, what a sensation (ah, oh)

Feels like I'm falling (falling)  
Deeper in the shadows of your  
Passionate screams, deep in the night  
Driving me wild  
Making me burn, only for you  
Out of my mind  
Caught up in the crossfire  
Caught up in the crossfire

Can you feel the heat of the moment  
Feels like it burns a hole in my heart  
Honey, let me do for you  
What you wanna do for me, yeah, yeah

(Solo)

Your lips so wet  
They move my skin  
The rush so warm  
Climax  
Dig in

Feels like I'm falling  
Deeper in the shadows of your  
Passionate screams, deep in the night  
Driving me wild  
Making me burn, only for you  
I'm outta of my mind, baby  
Passionate screams, deep in the night  
Driving me wild  
Makin' me burn, only for you  
I'm outta my mind  
Caught up in the crossfire
