

Down the river of no return

Babylon A.D.

Walk with me and light my days
Let my faith be strong
Wash my sins and break these chains
Carry me on your cross

I feel the fire burning up in me
I drift away, yeah, oh, yeah

Take my dreams beyond the stars
To crystal clear blue skies
Calm the waters of my heart
And help my soul to shine

I feel the fire burning up in me
I feel the need to get down on my knees and pray
I feel the spirit come to set me free
I drift away
Down the river of no return

I'm on my way
I'm on my way

Ooh-ooh-ooh, yeah, yeah
