

Slave Your Body

Babylon A.D.

Slave your body for me, baby
Whoa, yeah!

I like it hot, you like it cold
What we need is a warm injection
You like to push, I like to pull
We scratch and fight for love's affection

We go 'round and 'round
Like a ball on a chain
Victims of pain
You tie me up then down
We were made for each other
Make me suffer

Slave your body
Move like a lover, get down on it
Slave your body
Groove under cover, make me want it

Black is the night, white is the day
Opposite colors, meet me at gray
I'll bring the wine, you bring the leather
We'll lie in a bed of sweet hot pleasure

We go 'round and 'round
Like a ball on a chain
Prisoners of pain
You tie me up then down
We were made for each other
Make me suffer

Slave your body
Move like a lover, get down on it
Slave your body
Groove under cover, make me want it

All through the midnight
I'm screaming your name, baby
Oh, yeah, squeeze my heart 'til it hurts
'Til it hurts, squeeze me!

Slave your body for me, yeah

We go 'round and 'round
Like a ball on a chain
Victims of pain
You tie me up then down
Stick your needles in my flesh
Honey, I still love ya

Slave your body
Move like a lover, get down on it
Slave your body
Groove under cover, make me want it

Slave your body

Move like a lover, you make me want it
Slave your body
Groove under cover, you, make, make

Make me want it
Make me want it
Make me want it
Slave your body
Make me want it
(Slave your body)
Make me want it
Slave your body, oh!
Slave...
