

Take the Dog off the Chain

Babylon A.D.

Horsewhipped, saddled and bridled
Choked on the barrel of the devil's gun
Stripped naked and starved to silence
Kicked in the teeth, but I've never run

Break my bones, you won't break me
I'm ready, ready
Rape my thoughts, invade my dreams
I've fought enough of your kind

Take the dog off the chain, free me
'Cause I'm the wild breed nobody rules
Take the dog off of the chain, oh, yeah

Struck down, branded with anger
No sacrificial lamb will slow my fire
I found out that nothing's sacred
For less than a penny you can sell your pride

Bleed my heart, slave my soul
I'm ready, ready
Beat my body, but I won't crawl
So if you're looking to fight

Take the dog off the chain, free me
'Cause I'm the wild breed nobody rules
Take the dog off of the chain, free me
I'm gonna sink my teeth into you
Take the dog off the chain, free me
Take the dog off of the chain
Off of the chain, off the chain
Off of the chain, yeah, yeah, yeah, yeah, ow!

Ow, ow!

Yeah!

Horsewhipped, saddled and bridled
Looked down the barrel of the devil's gun
Battle scarred and bred for survival
Black cold vengeance screams

Rape my thoughts, slave my soul
I'm ready, ready
Beat my body, but I won't crawl
I'm gonna swallow the pain that you've given me
I'll eat your heart with a smile

Take the dog off the chain, free me
'Cause I'm the wild breed nobody rules
Take the dog off of the chain, free me
I'm gonna sink my teeth into you
Take the dog off the chain, free me
Ya, I'm the wild breed nobody rules
Take the dog off the chain
Come on and free me
I'm gonna rip your ass in two

Take the dog off the chain
Come on and free me
Take the dog off of the...
Take the dog off of the chain, yeah, whoa, yeah, ow!
