

Sista

Babylon Circus

Sista Sista, je t'ai gardée dans mon cœur
And life still goes on
Sista Sista, je t'ai gardée dans mon cœur
And love still lives on
One day I tried to call you on the phone but there was no tone
Not even a voice sayin' "hold the line"
I thought you hadn't paid your bill, but you're still feelin' fine
What have you done ? Why have you gone
(I wish) I could be with you to calm your fears, to dry your tears
(I wish) I could be with you under the sun, under the rain
I'de have been hangin' around (with) holdin' your hand
I was abandon when you turned me on
Where have you been gone
Sista Sista will you set me free
Love is all around but for me there's none
You're the one I found
Sista Sista don't forget me
Sista Sista, je t'ai gardée dans mon cœur
And life still goes on
Sista Sista, je t'ai gardée dans mon cœur
And love still lives on

Someday when I go back
To the place we met, hitch hiking on the track

Then you let me and left me down on my knees
I'm lost like a growing seed among the oldest trees
What have you done ? Why have you gone
(I wish) I could be with you to calm your fears, to dry your tears
(I wish) I could be with you under the sun, under the rain
I'de have been hangin' around (with) holdin' your hand
You got me so well, let me down in hell
I'm under your spell
Sista Sista will you set me free
Dont you have no fear ? Don't you disappear ?
I won't shat no tear
Sista Sista don't forget me
Sista ! You're the one who always understand me
Sista ! Oh you where there when I was lost
Sista ! You're the one who took me by the hand, yeah
Sista ! Oh you where there when I was lost
Sista Sista, je t'ai gardée dans mon cœur
And life still goes on
Sista Sista, je t'ai gardée dans mon cœur
And love still lives on
