

Came in steppin' in the VETEMENTS
How the fuck I step in with the baddest bitch?
How the fuck these niggas still relevant?
Oh yeah, and I'm still totin' on that heavy shit
I know you can tell when I'm lyin'
And I fuck with her 'cause she fine
Only in ya city for the night
I think we can turn it up a notch

Gotta watch out, keep ya eyes open, you don't know none
Niggas, watch out, I'm with my brothers, y'all ain't on none
Gotta watch out, keep ya eyes open, you don't know none
Niggas, watch out, I'm with my brothers, y'all ain't on none

Ice cup, yup
Boss a bitch up for a nut
Bitch, what?
Turn an innocent into a slut
Niggas play the citizen and talk too much

I don't really fuck with y'all
I think she gettin' too geeked off the Tramadol
And I'm tryna feed all my dogs
I'll take a niggas off and watch his mama cry
And I can switch it up for you, baby
I got money, now the bitches goin' crazy
And I been in the studio like daily
Could tell a higher-up, "Fuck you, pay me"
I think a niggas been going crazy
Lockin' out studios, going brazy
I'm rockin' Balenciaga, this shit is raver
Thinkin' 'bout shootin' the ARP with no safety

I know you can tell when I'm lyin'
And I fuck with her 'cause she fine
Only in ya city for the night
I think we can turn it up a notch

I know you can tell when I'm lyin'
And I fuck with her 'cause she fine
Only in ya city for the night
