BabyTron

Huh, Air Forces 1s  
Huh, Air Forces 1s  
Yeah, okay (Yeah)  
Bitch, huh (ShittyBoyz)

Air Force 1s, I done ran through a hundred pair  
Bottom of my gun got a drum, it's a hundred there  
Hoes in the function, chain on, I bet a couple stare  
Wintertime, a thousand dollar Moncler bubblewear  
If it's up, might catch a body like I'm Miles Bridges  
140 on the A, I'm flying down the mile tripping  
I be the clerk believe the perp if I smile with it  
Reach for this piece? I might end up on trial with it

If you scuff 'em, you supposed to go and get another pair  
They used to say I was the weakest, I ain't never care  
Life just like a game but I was told that it ain't never fair  
I'm so sick, I see her ass but she lacking hair  
Off-White 1s, I'm the 2021 Nelly  
Kinda mad my white bitch ain't never seen Belly  
"Stupid bitch"  
"Bitch? Who the fuck you calling a bitch?"  
Ain't shit light ever with me, everything heavy  
I'll put you on the route if you seem ready

.223s flying, if he ain't acrobatic, that's his ass  
This ain't Call of Duty but the rifle got a flash attached  
Talking 'bout you punch and slide? Let me see yo scammer stats  
Fifty ball at the set on me, acting bad in Saks  
Caught him out and blitz for the sack, where his passers at?  
Three five of Rum Punch, I almost had a asthma attack  
She thought the Nike sign was fake, these some Cactus Jacks  
We gon' force the opps to take shots, that's a Hack-a-Shaq

The way that our songs always heat, they think Haslem back  
Cold face, no waist, ass naturally fat  
I know a couple niggas turn to killers straight into a pack  
I heard you was a I ain't eating that  
Niggas cannot see me, they be living in the nosebleeds  
You will make the news, you keep staring like you know me  
Please do not approach me, ask if this was the old me  
I'll shoot my shot, I just DM'd her, Kobe
