

# Streetball

BabyTron

(Ooh, shit, that's a Danny G beat)  
(Damn, JakeSand)

Left my bitch so quick I heard the streets call  
Ain't no rules in the game, this shit streetball  
Said she blew my phone up, but I can't recall  
Literally  
Shit, I knew I'd be a pro since little league  
Two sisters and they friend, they tryna triple team  
Never took a sip of green, never worked a triple beam  
Chopper with the titties, think them bitches triple D  
You would think this NyQuil, I'm in here catchin' triple Z's  
Brodie back to back to back on hats, shit, that's a triple B  
Ten minutes to do a song, two hours just to pick a beat  
If my double cup was big enough, be swimming in my drink  
Bitch, it's 2023, you need to quit it with the Pink  
How I cut the traction off, you'd think we spinnin' on a rink  
If I ever fall off, I'ma throw the tracker on the Brinks  
Your bitch call me Stink  
Well, she used to  
Got the neck and blocked her number, I got shit to do, boo  
Dude fruity than a bitch, should rock a tutu  
He only up Ben Franks every blue moon  
He don't wanna tap a hat, he only shoot shoes  
R.I.P. my baby lil' Mari, gone too soon  
You would think I'm sippin' prune juice  
Purple in my cup, plus I'm shittin' on these goof troops  
Oversized trench coat, so the Goose loose  
I be too high, play the geek kit off some Moon Boots  
It ain't even noon, I'm already in route to scoop loop  
Catch out fifty deep, might fuck around, drop two nukes  
Zoom, zoom, vroom, vroom after the boom, boom  
Them boys down 0-8, bring me two brooms  
Matter fact, bring me two shrooms  
Dog Shit Militia, coupe ain't got no leash, the roof loose  
Do I got it on me? Is the truth true?  
If I see them fuckers get behind me, I'm gon- ooh, ooh  
I'm gon- eh, eh  
When we hoppin' out that minivan, you gon' hear, "Fah, fah"  
The spot slammin' 25/8, the door like- (Shitty Boyz, Dog Shit Militia)  
This the March Madness and I just entered the final four  
They'll say they have your back, then stab you in your spinal cord  
So get away from me, I don't need the love  
I don't need a hug, only thing I need's the drugs
