

# Candido

Baccara

I hear the song of music  
I wanna you see  
Come on let's have a little dance  
Here the band is plying  
I feel like swaying  
With you tonihgt  
And then romance

Oh, candido  
my bandido  
Ohh gerry, no no  
Wow, I'm such a gogo such a gogo  
such a powe day  
All the day

Oh, candido, my bandido  
give me one more number  
oh come on caramba  
This is all I nee, yes it is

People call your bandit  
They feel offenede  
You stole so many hearts away

I don't mind their motion  
When my emotion  
Tells me tonight you're gonna stay

Oh, candido  
my bandido  
Ohh gerry, no no  
Wow, I'm such a gogo such a gogo  
such a powe day  
All the day

Oh, candido, my bandido  
give me one more number  
oh come on caramba  
This is all I nee, yes it is
