

I Do, I Do

Baccara

Come on, come on, come on, like lovers do,
like the red and blue, and the indians too
i do, i do, i do i want it too
so take a chance with me and you.
come on, come on, come on, i'll dance with you,
like the russians too, and the chinese do,
i do, i do, i do i love you, do
and all i want is you.
Come on, come on, come on, like lovers do,
like the red and blue, and the indians too
i do, i do, i do i want it too
so take a chance with me and you.
Lets turn it on tonight, you'll be allright,
i'll put my tighting shoes, so we both can turn it blues.
i'll put you upside down, and all around
you better turn me on, and we'll stay out all night long.
Come on, come on, come on i'll dance with you,
like the russians do, and the chinese too.
i do, i do, i do i love you too,
and all i want is you.
come on, come on, come on like lovers do,
like the red and blue and the indians too,
i do, i do, i do i want it too
so take a chance with me and you.
Tonight it'll be in your eyes, like tumbling dice
i'd rather lose control, when we're dancing all night long.
Come on, come on, come on i'll dance with you,
like the russians do, and the chinese too.
i do, i do, i do i love you too, and all i want is you.
come on, come on, come on like lovers do,
like the red and blue and the indians too,
i do, i do, i do i want it too
so take a chance with me and you.
Hold me, love me.
touch me, feel me, and so on.
