

# Mad In Madrid

Baccara

Baby tonight, baby tonight only moonlight  
Stay by my side  
Closer as close as you can  
Somehow I need you really near me  
Can't you hear me?  
Don't you feel me?  
'cause lonely I am very shy

Mad in Madrid must be the why senior  
Oh the fire in your eyes  
I'm saying things I never said before  
But Madrid is paradise

Mad in Madrid must be the why senior  
Oh the fire in your eyes  
I'm doing things I never did before

But Madrid is paradise

Baby tonight, baby tonight only lovelight  
You do alright  
Holding me tighter than tight  
Seems like we're going one direction  
Feel the action of affection  
Si senior, I want more!

Mad in Madrid must be the why senior  
Oh the fire in your eyes  
I'm saying things I never said before  
But Madrid is paradise

Mad in Madrid must be the why senior  
Oh the fire in your eyes  
I'm doing things I never did before
