

# Rock and Roll Hell

Bachman-Turner Overdrive

Seems that everyday is another act in this play  
Doing time in this rock and roll band  
Going town to town doing uppers and downers  
Till I'm not sure who I am  
The folks back at home say I'm too old to rock and roll  
I should've quit when I was ahead  
But where's there to go when it's the only thing you know  
Sometimes I think I'd be better off dead

Get me out of this rock and roll hell  
Take me far away  
Get me out of this rock and roll hell  
Get me out of this rock and roll hell  
I don't want to stay  
Get me out of this rock and roll hell

Take a good look at me  
You know it ain't hard to see  
I'm just doing what I can to survive  
And if I keep working hard  
I know I'll see my reward  
If I can make it through this nightmare alive  
The doctor said friend you need a holiday  
I said I'm trying but I can't slow down  
I only get depressed and I can't take the stress  
If this is life at the top I want out

Get me out of this rock and roll hell  
Take me far away  
Get me out of this rock and roll hell  
Get me out of this rock and roll hell  
I don't want to stay  
Get me out of this rock and roll hell

Get me out of this rock and roll hell  
Take me far away  
Get me out of this rock and roll hell  
Get me out of this rock and roll hell  
I don't want to stay  
Get me out of this rock and roll hell

(Rock and roll hell) Get me out of this rock and roll hell  
Take me far away  
(Rock and roll hell) Get me out of this rock and roll hell  
(Rock and roll hell) Get me out of this rock and roll hell  
I don't want to stay  
(Rock and roll hell) Get me out of this rock and roll hell  
(Rock and roll hell) Get me out of this rock and roll hell  
(Rock and roll hell) Get me out of this rock and roll hell  
(Rock and roll hell) Get me out of this rock and roll hell
