

After you left

Bacilos

After you left
I danced the night away
But there was something yours
That I just couldn't shake

After you left
I had another drink
You know it made me think I should have gone with you

Oh-oh-oh-oh, oh-oh-oh-oh-oh
After you left

Dime que voy a hacer para entender esa cabeza loca de mujer
Con ese idioma que solo entiendes tú

After you left
You really want to know?
How deep you want to go?
What can I say?
(What can I say?)

After you left
Because you are so afraid
To make the same mistake
Again and again
(Again and again)
Un, dos, tres y
Oh-oh-oh-oh, oh-oh-oh-oh-oh

After you left
(After you left)
Oh-oh-oh-oh, oh-oh-oh-oh-oh
After you left

After you left baby
La fiesta se acabó
Y comenzó a llover
Por toda la ciudad

After you left
Because you had to leave
I know I'm not the one who's gonna change your plans
Oh-oh-oh-oh, oh-oh-oh-oh-oh

After you left
You really want to know?
How deep you want to go?
What can I say?
(What can I say?)

After you left
Because you are so afraid
To make the same mistake
Again and again
(Again and again)

One, two, three, four (wo-oh-oh-oh)

Oh-oh-oh-oh, oh-oh-oh-oh-oh
After you left
(After you left)
(Wo-oh-oh-oh)
Oh-oh-oh-oh, oh-oh-oh-oh-oh
After you left
