

# Love Somebody

Backstreet Boys

Love

Is it too much to ask for  
One minute to breathe  
Cause you take my breath away  
Like I'd never sink

You're the reason why cave men drew on the walls  
The reason why after every summer we fall

You're the reason I never wanna sleep at night  
Cause nothing that I could dream  
Is better than you by my side

You know that I love somebody, love somebody  
You know that I love somebody, love somebody  
You know that I,  
I'm so in love I can die right now and be fine, I need you tonight  
You know that I love somebody, love somebody  
You know that I love somebody, love somebody

When you wake up with no make up  
You try hiding your face,  
You know that I, and it's so cute,  
You don't even know  
How beautiful you are to me

You're the reason why cave men drew on the wall  
It's the reason why after every summer we fall  
And the way that you look in those purple jeans  
It's still the sexiest thing that I've ever seen

You know that I love somebody, love somebody  
You know that I love somebody, love somebody  
You know that I  
I'm so in love I can die right now and be fine I need you tonight  
You know that I love somebody, love somebody  
You know that I

When the game's on  
You wear the jersey of my favorite team  
I yell at the TV...  
Knock over your beer  
You're not even mad of me  
You know I love you baby

I love somebody, love somebody  
I know, I love somebody, love somebody  
You know that I love somebody, love somebody  
You know that I, I'm so in love  
I can die right now and be fine, I need you tonight  
You know that I love somebody, love somebody  
You know that I'm gonna love you, gonna love you, gonna love girl  
Love somebody, love somebody
