## **I Got Spades**

## **Backyard Babies**

I walk in the rain and the street seems to last forever All I've ever seen got taught to believe is insane And now it's too late I hang on to a fading memory Nothing would be like what I thought it would be like that I hate

I got spades

Diamonds made me heartbroken always leave when clubs open Someone's got a hold all the spades

I drag and I haul but you couldn't care less about me I'd rather hang out with the dogs in the yard than be a brick in the wall

YEAH

I walk in the rain and there's another one around the corner Names they change but the faces remain the same

I got spades

Diamonds made me heartbroken always leave when clubs open Someone's got a hold all the spades And diamonds are forever meet and get together Someone's got a hold all the spades

Diamonds made me heartbroken always leave when clubs open Someone's got a hold all the spades And diamonds are forever meet and get together Someone's got a hold all the spades

You made me heartbroken always when the clubs open Someone's got a hold all the spades And diamonds are forever meet and get together Someone's got a hold all the spades
