

1-800

Bad Bad Hats

Call back, tell me where you're at
Little fear is back, won't let me go
Alone tonight, my 1-800 life
No one picks me up, they only let me go

Dance fever
Be my dream believer
I never do this either
So let me know

Body, that's all anyone wants from me
So how sad for me that I let myself go
Alone tonight, my 1-800 life
I know you see the light
But you just let me go, I know

Dance fever
Be my dream believer
I never do this either
So let me know
Darling let me know
