

## Get What I Want

Bad Bad Hats

He's still calling all the time  
Coming over to take what's mine  
He's got nothing better to do  
Than say "I'm still in love with you"

Can I get what I want this time?

I'm still dreaming of your face  
And all my feelings gone to waste  
Cause even though I know it's true  
I can't be in love with you, no

Can I get what I want this time?
