

Bikes N Scoobys

Bad Boy Chiller Crew

My bruddah, man, I said we would
Might pull up in a Bentley truck
My bruddah, man, I said we would
Might pull up in a Bentley truck

Fuck diamonds, rubies
I like bikes and scoobies
Big whip, I'm cruising
Might pull up in a Rolls Royce
'Member we was all broke boys
Now we so boujee, Prada, Gucci
Have one that came with a pool included
That shit that you see in movies
From young, man, I said we'd do this

From young, man, I said we would
Might pull up in a Bentley truck
Shit's changed up
I'm a different man now
Look how the tables turned
Few shots, better make me one
Celebrate for the things we done
Yo, bro, man, I made it out
Home soon, gotta hold it down
Chains and Roleys, brand new Stoney
Big boy stogy, find man loaded
Yo, I'm in the bitch with the team
Living the dream, bitch, in the scene
Drinks on me when I'm rolling
Drive the whip like it's stolen
I'm a Bradford boy, I'm a bantem boy
We party hard till the morning

Fuck diamonds, rubies
I like bikes and scoobies
Big whip, I'm cruising
Might pull up in a Rolls Royce
'Member we was all broke boys
Now we so boujee, Prada, Gucci
Have one that came with a pool included
That shit that you see in movies
From young, man, I said we'd do this

From young, man, I knew we woulda
On top like I said, my bruddah
Shit's changed up
I be on flights with day ones
Big kids, nineteen acres
Shit's got mad, shit's hit the fan
Bottles on tap when I'm with the gang
Fresh from estates, lost in our ways
I ain't gotta stunt for the Instagram
Fuck a YJ lurker
I'm a big joint burner
Hooray for the 9-5 workers
Bradford Crew straight live from the decks
Few white lines, I'm live for the set

Ten-ten birds from road, I'm vibing
Back to mine, you drive, no license
One time thing, never call 'em back
Big GK, I'm a Northern lad

Fuck diamonds, rubies
I like bikes and scoobies
Big whip, I'm cruising
Might pull up in a Rolls Royce
'Member we was all broke boys
Now we so boujee, Prada, Gucci
Have one that came with a pool included
That shit that you see in movies
From young, man, I said we'd do this

My bruddah, man, I said we would
Might pull up in a Bentley truck
