

Clothes

Bad Boy Chiller Crew

Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear
Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear

Yo, two birds in the back, I'ma whip the Merc
No traction, I pull it, make the back end twerk
Back streets, these police can't catch a brother
No sleep, stay away from undercovers
Up late, got flake, just done your runner
Alright can't lie, I'm in love with muller
No divvys 'round here, us man are bandits
On that YZF straight power banding
No lights, no plate, full whack, no brakes
I'ma drive fast, I don't wanna catch no case
No fakes, take chase, switch lanes, got flake
Blacked out to my feet looking like Bruce Wayne
I pull up in that new machine
Machino tee, I pull it and I feel the speed
You ain't seen a bad boy like this one
Blocks get torn up roads get ripped up

Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear
Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear

Yo, back wheel blending
Bitch I'ma send it
Blue lights flash, X5 by the exit
Diving erratic, man this rides too hectic
Watch when I let rip, feds get left quick
Leave 'em, bitch I'm a demon
Clock the meter, do a lot for my freedom
Popped a sleeper, I ain't even tryna nap yet
Copped a Beamer, going divvy tryna max it, yo
My boys fucked, their minds corrupt
Hit raves, sniff flake and they light 'em up
I'm a dog and I like to fuck
Fuck police, drive fast and we wind 'em up
Yo, these can't live this life we live
I tell her come 'round and I'm piping it
Rack 'em out, pour the liquor, put some ice in it
No joke, I'ma pull up in the flyest whip, yo

Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear
Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear

Big M sport, full whack, I'm floating

Boys in the back got yack, I'm sorted
Black Nike cap, big bat I'm toking
See blue lights and the divs get toasted
Cars mapped out, and it's fully loaded
See the Brembro brake pads fully smoking
I don't give a fuck, I don't give two shits
We spend cash fast and we act stupid

Act stupid, act lawless
Bitch in the back of the club, she's gorgeous
Got cash, few racks, I'm balling
Don't worry about that, keep pouring
Top shelf sipping, big four whipping
If I see cops I'm dipping
I'm a boy, I'm a boss, everybody knows that
One brother in the front, three brothers in the back

Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear
Boy, I like the clothes you wear
But I'm looking at the pool and I just think
What if we were under there in our underwear
