Bad Boy Chiller Crew

Yo, 8th for the pablo
Girls wanna tango
Boys in the bando
Pull up in a Land Rove
8th for the charlie
I pull up to the party
Pass me the mic Imma start it
I'm an artist
Drug markers, Goose parkas, new charges, fresh faces, new parties
Bradford Crew man the boys are fucked
When we die we can say that we lived it up

Lines of the cocaine, cups of the dusse
All eyes on I when I hopped in the room
Got grips in the boot take shots with the crew
Get lost in the move when I hop on a tune
I'm boss with the shit, duck cops in the whip
In an RS6, man that bitch go shift
Got tins and packs, bits and bats
for you nits and cats, fuck pigs and rats
Like yo, bags of the chappo
Drinks in the bar, in it with the gang o
Never come for the front, came for the back door
Spend cash fast, I can never act broke
It's Kane and Lee J, GK, pull up to the bartender like T20
T shirts DG, boxers CK, club gets shut down anytime we play

Yo, 8th for the pablo
Girls wanna tango
Boys in the bando

Get the drinks in, suns out guns out
Me and the boys til the game birds come round
Pass the mic while the clubs get shut down
Shots at the bar til the JD runs out
Sunshine, blue skies, live life
One time for the boys inside
One life, live it up to the max
Old school tracks to take you right back
GKs back to get the club jumping
Lines of the flake to get my heart pumping
Ten ten birds, they say that I'm punching
Listen up girl lemme tell you something
I'm GK it's nice to meet ya

What you got a girlfriend? Man I love a cheater
