Bad Boy Chiller Crew

She's sayin' I'm toxic  
We're bad for each other, but the sex is good  
She's sayin' I'm toxic  
I ain't crazy, I'm just misunderstood  
She's sayin' I'm toxic  
I wanna leave her, if I could, I would  
She's sayin' I'm toxic (Uh)  
'Cause I don't love her like I love the hood

She's sayin' I'm toxic  
We're bad for each other, but the sex is good  
She's sayin' I'm toxic  
I ain't crazy, I'm just misunderstood  
She's sayin' I'm toxic  
I wanna leave her, if I could, I would  
She's sayin' I'm toxic  
'Cause I don't love her like I love the hood

Still waterin' plants  
Cost more than my Warner advance  
Told them bouncers to don't touch me when I walk in the dance (Me a badman)  
I don't listen to rap, R&B gettin' pumped in the shower  
I went, I went jail and got bigger  
Like when Mario jumps on the flower  
I'm the frontman, I put my estate on the map  
Had to drop out my youngers for shavin' a pack  
I love all my niggas, I pray they don't lack  
If I lost all my dough, I can make it all back  
Last year, we barely eat, now I fuck on Amiri sheets  
And, even though I'm on license, I got top shelves there for cheap

She's sayin' I'm toxic  
We're bad for each other, but the sex is good  
She's sayin' I'm toxic  
I ain't crazy, I'm just misunderstood  
She's sayin' I'm toxic  
I wanna leave her, if I could, I would  
She's sayin' I'm toxic  
'Cause I don't love her like I love the hood

Yo, I ain't gotta stunt for the 'Gram 'cause you know what I'm on  
Walk in the club, it's like we're holdin' it up  
Roast with a pub, bruddas know where I'm from  
These are my sons, bruddas know what I done  
Hot topic, and I love it  
If it's not about money, don't talk to me  
I can make a big stack for my hard money  
Two-fifty gonna dash, check the car I'm pullin'  
Yo, fuck a GTI, this a GTS  
Drinks at mine, baby, be my guest  
I don't read my texts, I don't need no stress  
Drinks at mine I shut my eyes, you 'bout to see me best  
Know we shut shit down when we hit your capital  
Shit's gone mad, now, we're international  
Gangster on the ball, flipped and [?] the ball  
Drivin' in the Porsche, I can feel the torque

She's sayin' I'm toxic  
We're bad for each other, but the sex is good  
She's sayin' I'm toxic  
I ain't crazy, I'm just misunderstood  
She's sayin' I'm toxic  
I wanna leave her, if I could, I would  
She's sayin' I'm toxic  
'Cause I don't love her like I love the hood

Yeah, my life's so good that I gotta thank God  
BBCC, know we got it on lock  
HDTV, might see me on job  
Know that money don't stop when we're livin' life up  
Got a big boy Porsche outside the drive  
Been pulled more times than a horny guy's  
Bit by dip lights doin' forty-five (Yo, yo)  
Big body, team Tronics, keep rollin' by

Yo, fly like a phoenix  
Fly like a G6  
Glide with the keys in  
Like I'm a feelin'  
High for no reason  
Fly for the season  
Life of the evenin,' time for the weekend  
Pull up with her pussy out, pull up in that fully black  
Gully Jack  
Pull up like Money Mac  
Tell me where the honeys at  
Gotta go nuts with the gang  
I just wanna party 'til land

She's sayin' I'm toxic  
We're bad for each other, but the sex is good  
She's sayin' I'm toxic  
I ain't crazy, I'm just misunderstood
