

# Hold Me In The Night

Bad Boys Blue

Babe

You know there's no reason to cry  
When I'm with you  
All my dreams come true  
And I swear to you  
You'll never be blue  
We'll be together till the end of time

Hold me in the night  
The feeling's so right baby  
Tonight is the night of our love  
Fly with me to the stars above  
Hold me in the night  
The moon is so high lady  
Listen to the beat of my heart  
Be my angel till the morning light

Babe

You know there's no reason to say goodbye  
Making love to you  
All my dreams come true  
I believe in you  
You're my reason to live  
We'll be together till the end of time

Hold me in the night  
The feeling's so right baby  
Tonight is the night of our love  
Fly with me to the stars above  
Hold me in the night  
The moon is so high lady  
Listen to the beat of my heart  
Be my angel till the morning light
