

I'm Still In Love

Bad Boys Blue

I do my work from 9 to 5 and I'm still driving my Benz.
So nothing really changed my life. And I still meet with my friends.

Now that you've gone. I am free to do what I wanna do.
Yeah. But there is something on my mind that's making me blue.

Oh, I'm still in love with you.
Oh, I'm so in love with you.
I'm so in love with you.

I tell myself a hundred times that I'm just turning the page.
To close the chapter in my life. Now that you're leaving the stage.

But there is something brings me down to earth. When I'm thinking of you.

Cause there is something on my mind that's making me blue.

Oh, I'm still in love with you.
Oh, I'm so in love with you.
I'm so in love with you.
