

Matador

Bad Boys Blue

The sun shines down on the corrido
All the señoritas sing his name
The crowd cries "Olé"
There's blood on the sand
The matador begins his dance of death
Eyes only for Maria
The dance of love
The hardest fight of all

It's a dance of love
It's a dance with death
He conquers the beast,
But lost her love
It's a dance of love
It's a dance with death
Maria's broken Enrique's heart

His heart burns only for Maria
He could die today, but he doesn't care
He's just another fool,
She's stolen his heart
Enrique wins, he's the lonely hero
Tears in his eyes for Maria
The dance of love
The hardest fight of all

It's a dance of love
It's a dance with death
He conquers the beast,
But lost her love
It's a dance of love
It's a dance with death
Maria's broken Enrique's heart
