Bad Brains

Never to breakdown
Never to fall
We won't keep on keep on living
With our backs against the wall
You say we're so ignorant
But I can't agree
What sometimes right for you
It's not always good to me no

All I wanna know
Will we ever be free
Me loving you
And you loving me

You bring us to the ground
In a system built for fools
Then mastered the politricks
That kept us in your schools
You taught us anger by
Never showing love
Now I hope you never find out
What we've been dreaming of

All I wanna know
Will we ever be free
Me loving you
And you loving me

Never to breakdown
Never to fall
We won't keep on loving
With our backs against the wall
You say we're so ignorant
But I can't agree
'Cause I know what's right for you
Could never be right for me

All I wanna know
Will we ever be free
Me loving you
And you loving me
