

Voyage Into Infinity

Bad Brains

On this voyage to infinity
Can't forget to take your soul
Cause at the port you'll find no double sign (No-oh-ohh)
(Huh!) It feels so good to know
That his light will shine forever and ever
(Huh!) You know it feels so good
(Huh!) Rasta is not a lie

On this cruise you will have peace of mind
With a garden reeked of love
For the sake of earnest unity
On this voyage to infinity

On this voyage to infinity
Can't forget to take your soul
Cause at the port you'll find no double sign
Oh no, oh no, oh no, noo!
It feels so good to know
His light will shine forever and ever (Oh yea)
It feels so good to know (Huh!)
Rasta is not a lie
