

# Without You

Bad Brains

I called your name out loud  
But you were too far  
To hear me crying.  
Can you see the rain  
Outside my window  
Falling like tears.  
You're so far away  
And the telephone won't do.  
Won't you save me if you can.  
I can't take another day like this.  
Without you here beside me.  
Without you here with me.  
I really need you here with me.  
You know I don't mean to cry  
But sometimes tears can wash away the time.  
It's just I never thought I'd fall in love again  
'Cause it was so bad before  
But you came and made it right.  
You came into my life.  
You came and made it right.  
So I need you here tonight.  
Won't you save me if you can.  
I can't take another day like this.  
Without you here beside me.  
The loneliness still overcomes me  
Deep in my thoughts  
Without you here beside me.  
I just don't know what I'm gonna do.  
I dream about you every night  
Where have you gone?  
Without you here beside me.  
Can't live without your love.  
Without you here with me.  
I just don't know what I'm gonna do.  
I called your name out loud...  
Without you here beside me.  
Without you here with me.
